

Capabilities Statement

RX3 Communications, Inc.
1575 Delucchi Lane
Suite 206
Reno, NV 89502
775-853-1521
www.rx3communications.com

A HUBZone business that designs, builds, integrates, and maintains solutions for telecom, wireless communications, and controls infrastructure.

Corporate Overview

RX3 Communications, Inc. was founded in 2009 by an experienced team of telecommunications specialists to build technology and communications infrastructure specifically for government agencies. A SBA HUBZone contractor, RX3 provides end-to-end solutions for the design, installation, maintenance, and upgrade of telecommunications infrastructure, wireless systems, and building environmental controls.

RX3 collaborates with clients to take on challenging projects with personalized service and attention to detail.
